SUMMARY

Data Analyst with 2 years of hands-on work turning sales, customer and operations data into decisions. Uses SQL, Python (pandas) and Power BI to clean data, find what drives results and build dashboards that managers act on. Holds Google, Deloitte, Tata and BCG data analytics certificates and publishes live dashboard projects on GitHub.

SKILLS

Analysis: SQL (MySQL), Python (pandas, SciPy, statsmodels, scikit-learn), statistics (t-tests, ANOVA, regression)

BI and reporting: Power BI (DAX, Power Query), Advanced Excel, Matplotlib, Chart.js dashboards

Core: data cleaning, exploratory analysis, KPI tracking, data storytelling, presenting recommendations

EXPERIENCE

Data Analyst, Past Enlighten (private tour company), Lahore — Remote · Oct 2024 – Present

- Own the company's sales, tour-performance and customer-review data and turn findings into recommendations for management
- Show which tours, seasons and customer groups drive revenue, and flag underperforming tours
- Surface recurring complaints from customer reviews to guide pricing, tour planning and service

Freelance Data Analyst — Remote · Jan 2025 – Present

- Built Power BI and Advanced Excel reports and automated manual data entry, cutting report time by 30%
- Diagnosed a retail shop's falling sales from transaction, inventory and feedback data; found 3 root causes that led to inventory changes
- Cleaned biometric attendance data with Python and SQL and built a dashboard of patterns, anomalies and peak hours

PROJECTS

- **Dubai Real Estate Market Analyzer** (Python, Power BI): 1,800 property sales; top rental yields in Dubai South (7.5%) and JVC (7.1%); regression explaining 91% of price
- **Gulf Market Tracker** (Python, dashboard): risk and return of 12 Gulf stocks across 11,700+ daily records (Sharpe, beta, drawdown)
- **Superstore Sales Dashboard** (pandas, Matplotlib): merged multi-sheet sales data to track profit, top products and discount impact

Dubai and Gulf projects use synthetic practice data. 20+ more projects at the portfolio link above.

EDUCATION

Intermediate in Computer Science (ICS), Army Public School (APSACS) — 2024 – Present
Computer Science, Mathematics, Statistics

CERTIFICATIONS

- Google Data Analytics and Data Science courses (5, Aug–Oct 2026)
- Forage job simulations: Deloitte Data Analytics, Tata Data Visualisation, BCG Data for Decision Makers (2026)
- HP: Data Science & Analytics; AI for Business Professionals (2026)
